

From September 9, Cargonet will start its new transport offer with a direct route from Oslo to the Port of Gothenburg. With a strategic location combined with a strong ambition, approximately 60% of Sweden's container volume passes through the Port of Gothenburg.

With a direct route to the Port of Gothenburg, we are convinced that we can make your transport more flexible, environmentally friendly and cost-effective.

## Development

For the past 18 years, Gothenburg has won the prestigious award as Sweden's best logistics location. The Port of Gothenburg plans to further develop this reality by continuing to invest in new port areas, terminal areas, logistics parks and infrastructure improvements.

# The Port of Gothenburg

## Sustainability

With the train industry's markedly sparse consumption of environmentally harmful substances, you can reach the next step by positioning yourself in an environmentally efficient logistics flow. For a 20-foot container that travels by train, you save almost 200 kg of CO<sup>2</sup>.

## Lead times

Our newly established direct line to the Port of Gothenburg gives you shorter lead times, not only to Oslo, but also to all major cities in Norway. Using Cargonet's route network, you reach your final destination quickly and efficiently.
